AUDITORS REPORT

To the Shareholders of "SOCRATES D. CONSTANTINOU & SON S.A."

We have conducted the audit on the above Financial Statements of "Socrates D. Constantinou and Son S.A." from January 1 2001 until December 31 2001 according to the provisions of article 6 of P.D 360/1985 as amended by the article 90 of Law 2533/1997 by applying the standards and requirements accepted by the Institute of Certified Auditors-Accountants and the auditing procedures that we considered pertinent and we didn't realize any inconsistencies or ommisions that can significantly affect both the asset structure and the financial position of the company and the results appearing on them. We have examined the books of account and records kept by the Company and we obtained all the information and explanations which we needed for the purpose of our audit. The Company applied properly the General Accounting Plan. No change in the inventory valuation has been made as compared with that of the corresponding previous period. From our audit the following arose: 1), in order to cover contingencies that might arise from receivables and cheques overdue as well as for doubtful-constessed trade and trade debtors amounting toGTD 373.000.000 approximately, the company's management has set up a provision farm members of staff that is entitled to get a pension till the end of the next period. In our opinion the amount of the provision for staff's retirement benefits should concern all the company's employees independently of the fact that they are entitled to get a pension. If the company had formed a provision in accordance with this method the cumulative amount would be GrD 130 million from which GrD 20 million will burden the current fiscal year and GrD 110 million will burden the previous fiscal years. 3) The account "Participations in affiliated companies' includes the acquisition cost of the shares of non-listed companies amounting to GrD 2.638,86.048 stems from intangible assets that have not been evalua
